**National curriculum  
coverage**

# Introduction

Kapow Primary offers full coverage of the KS1 and KS2 History curriculum and this document shows both the **National curriculum History subject content** also the **National curriculum History aims** for each key stage. It shows which Kapow Primary units support pupils in working towards the relevant end of key stage targets. The final pages highlight cross-curricular links between each unit and other curriculum subjects.

We have further organised our content into substantive knowledge strands and disciplinary knowledge strands to ensure progression in all of these areas and to reflect the fact that 'knowledge of the past must be shaped by disciplinary approaches in order to become historical knowledge.' (Ofsted research review series: History, 2021). See our [History: Long-term plan](#) for more information on curriculum design and progression within each of these strands.
